CONFERENCE MANAGERS mci

MESSAGE FROM THE PRESIDENT

Dear Colleagues and Friends,

On behalf of organizing committee, we are very pleased to inform you that the 10th Saudi Society for Rheumatology Conference 2024 will be held from 7th to 10th February 2024 in Grand Hayat AL Khobar, Saudi Arabia.

The scientific program includes invited lectures, plenary session, workshops, exhibition, oral and poster presentations. The world-renowned scholars will present their innovative contents on various topics. In addition to these programs, SSRC will provide a scientific platform to facilitate interactions between next-generation scientists in basic and clinical research.

We are working hard to have a scientific mix that leads to a conference success, bringing together the expertise of Rheumatologist and other interested healthcare workers to exchange ideas and help advance the growth of our speciality. We also hope that this meeting will attract young rheumatologists and inspire them for a more glorying and professional work in the GCC region. Furthermore, such a regional meeting aims at reinforcing the bonding between the rheumatologists in the Gulf region.

Dr. Hanan Al Rayes, MD
President of Saudi Society for Rheumatology

WELCOME MESSAGE

Dear Colleagues and Friends,

On behalf of the committee members, it is our great pleasure to welcome you to the 10th Saudi Society for Rheumatology Conference 2024 will be held from 7th to 10th February 2024 in Grand Hayat AL Khobar, Saudi Arabia.

We are confident that the conference will be highly rewarding for every participant and will contribute to the development of the field of rheumatology in your organization. The committee hopes all participants will enjoy the meeting through exchanging knowledge with selected experts in the field.

The conference highlights clinical cases, with an emphasis on case-based approach, problem-based learning, and interactive discussions by renowned rheumatologists. Just as in previous years, outstanding abstract presentations will be recognized through awards at the end of the conference.

We welcome you to be part of this great learning and collegial experience and look forward to welcoming you to AL Khobar in February 2024.
